IGUANAMED[®]

*Fastest growing clothing
company in the United States*

Whoa. We grew fast & furious.

IguanaMed was ranked the 264th fastest growing company in the country by INC. magazine.

After all of this growth, we have made the decision to SLOW DOWN. We are now much more focused on becoming a GREAT company, not necessarily a behemoth company.

Regardless, it has been quite a ride and we couldn't have done it without you!

To all of our faithful fans and customers, thanks again!

We want to be in touch with you!

IGUANAMED® PRELUDE

How did we become the most intriguing scrubs company on the planet?

It's been quite the saga since we entered the medical apparel scene 5 short years ago. Our original mission was revolution. Our goal had been to infuse rigor, vigor, and passion into what we perceived to be a motionless, lethargic, and depressed uniform landscape. After we sketched the initial Iguana logo, we found and hired the best sportswear designers in the world, we flew to Paris and selected a color palette that felt marvelous yet medically appropriate, we engaged with textile engineers who developed an evolved poplin that defined medical stretch fabrics, we contracted with factories who were cutting & sewing designer garb not medical apparel, and we aggressively hired a youthful, adept, and brilliant team to create bold resonant campaigns to roar our message to the medical professional.

IguanaMed's radical approach to the medical apparel industry led to the fastest growing scrub brand in the history of the universe. No joke.

We appeared on the Inc. 500's list of fastest growing companies 4 years in a row and literally became the fastest growing private clothing company in the country. The innovative style and fabrics were embraced by medical professionals around the world who were demanding more from their uniforms. IguanaMed is currently distributed in all 50 U.S. States as well as Canada, Mexico, Columbia, Costa Rica, Dominican Republic, Honduras, Brazil, Australia, Finland, Sweden, Spain, Italy, Poland, Japan, and Saudi Arabia, amongst other countries.

With 50+ new dealer inquiries being received per month, the demand for IguanaMed continues to soar through the roof. It's been invigorating, rewarding, flattering, (and frankly a bit exhausting) to sprint alongside the seemingly incessant demand for IguanaMed. IguanaMed will continue to be available at the best medical retailers across the country.

They laughed at us because we are different. We laughed at them because they're all the same.

Our goal remains simple in semantics yet sophisticated in execution – IguanaMed will continue to lead the performance medical apparel industry by providing the most quality fabric, composition, construction, and attention to detail while creating innovative styles and an active fit that the medical professional craves. Throughout our introduction into the scrub world many of the big uniform companies that have existed for so long grew unnerved and anxious. While we created MF Fabric – the first cool looking athletic inspired active stretch fabric, they became Flexomatic, ProFlex, Flexology, among others. They attempted to replicate our image and direction, but didn't realize that the IguanaMed hotness is not about any one aspect of the brand. It is the collective combination of strategic marketing/merchandising efforts, ground-breaking product design/construction and the passion of our team that makes IguanaMed the most intriguing medical apparel brand in the world.

We are proud to report that we are not only alive and kicking, but refueling our Iguana-engines and gearing up for the competitive landscape that lies ahead. We did what we said we were going to do – the revolution has ensued...

What happens now? Where will the medical apparel world zig or zag next?

Well... follow us. We'll show you.

Creating the world's finest medical apparel.™

IGUANAMED RUNS THIS

SCRUBANTHROPY™

In addition to manufacturing the world's finest medical apparel, IguanaMed is committed to helping the millions of people throughout the world who are less fortunate or who have experienced some type of misfortune. IguanaMed has established the IguanaCares program whose goal is to assist in providing aid and support in many capacities throughout the world.

Our flagship program is Scrubanthropy™ – our own trademarked cause whose mission is to provide high quality medical apparel to individuals and/or groups who could benefit from the comfort and functionality of an IguanaMed scrub.

Scrubanthropy includes the charitable donation of Iguana apparel to non-medical groups such as homeless shelters and family violence prevention shelters. Scrubanthropy also targets healthcare professionals around the world who don't have access to medical apparel by providing functional and comfortable uniforms to wear while providing medical care.

Please visit Scrubanthropy.com and/or IguanaCares.com for more information.

5300 THE CLASSIC BOOTCUT PANT

The Classic Bootcut Pant (5300) - This original easy-fit bootcut pant features a half elastic, half drawstring waist which is now triple reinforced for added durability. The mid-rise inseam provides a perfect hem for the cool straight leg design and side hem pockets that include internal compartments for loose change and your cell phone. The spacious back pocket and inside elastic pager clip provide extra storage space while still providing a clean and structured look.

5500 THE QUATTRO PANT

The Quattro Flare Pant (5500) – The fashionable, yet highly functional Quattro flare scrub pant features the now famous Quattro Ricamo stitching that runs from the front waist to the side leg.

The perfectly placed angled front pockets have a small inside button to provide extra security to ensure nothing slips away. These dream-come-true pants also have the Iguana Signature Pockets – inside pockets within pockets – and a spacious back pocket to provide extra storage. The dual 2-tone drawstring and elastic waistband offers an unparalleled fit. The flare leg opening (trimmed out on inside) and bottom Quattro Ricamo stitching takes this pant to a whole new level.

7400 THE MEN'S ICON TOP

We are thrilled to release what will soon become the most popular men's scrub top in the world. When designing this work of art, we wanted to keep it dapper, simple and archetypal, yet refined, fluid, and fearless. Classic v-neck top with comfortable set-in sleeves. Seamless construction which is proven to wash and wear amazingly well. Iguana signature plaid lining on the neckline and inside the lower pockets. Upper breast pocket includes pen pocket and badge loop. All pockets are welt pockets which means that they are stealth. Iguana signature multi-function front lower pockets actually give you double storage since there are pockets on pockets. Classic nod with a modern twist, refreshing color applications in stitching details. Get the 7400 and elevate your scrub game to the highest level possible.

7300 THE MEN'S ICON PANT

Clean design lines that let you shine. The IguanaMed 7300 pant gives you everything you need to comfortably go into battle during your day as a medical professional. Double reinforced full drawstring pant ensures that they will fit no matter what. Slash hand pockets and fly zip closure designs that mirror your favorite pair of jeans, updated patch cargo pocket has room for all of your gear. Iguana signature lining is sewn into the front and back pockets to remind you that you are rocking an original IguanaMed garment. To actualize this scrub pant greatness, we consulted with two of the top sportswear designers in the world and the results are a mixture of medical apparel alchemy and legendary scrub pant-ness. You need a 7300 in your life. In fact you may need one in every color.

SOMETHING
BEAUTIFUL**

Do you feel us? Do you feel the swirl in the air? Do you feel the Dual Swirl? We do! Welcome to the new world where sport meets fashion and an engineered graphic print meets positioned stitches in a swirling pattern. This is not your everyday scrub top, this is your "Hey, it's Fashion Friday and I'm ready for the weekend" top. Oh, did we mention the side seam pockets that are big enough to fit all of your goodies, especially since they each feature the Iguana trademark – pockets within pockets. The top comes together with the stylish shape of the soft V neckline. Don't swish. Swirl.

5522 THE LEGEND

The Legend Sport Cargo Pant (5522) – The most amazing women’s scrub pant has finally reached our planet in the form of the 5522. It’s also known around our headquarters as the “double dos” as a Spanish nod to the number “22.” It’s loaded with detail and style in a non gaudy way. Iguana signature patterned liners (which take 6 weeks to custom weave) let you know that you are rocking an original IguanaMed garment. The 5522 has a whopping 10 total pockets – 2 large front stealth slash pockets with bonus top pockets, 2 stealth back pockets and an added side leg cargo pocket for even more storage capacity. Another clever design feature (if we do say so ourselves) is the part elastic, part drawstring waist which includes Iguana button hip adjusters allowing you to make the pant tighter or looser depending on your feel. The design is consummated with the dual-stitch (as opposed to quattro) that puts this pant over the top even though it will happily rest under your Iguana top. This pant will leave you five thousand five hundred twenty two steps ahead.

Introducing the 5050 ZIP HOODIE

The Zip Hoodie (5050) – Our new Zip Hoodie takes the traditional nursing jacket and flips it on its arse. The versatile Iguana Zip Hoodie features tonal cover stitching throughout that is a perfect addition to your IguanaMed wardrobe.

The hoodie is pulled together by the elastic infused ribbing on the waist and cuffs and completed with the extra durable zipper with Iguana Logo pull tab. The best part is that the hoodie is constructed out of the same MFII fabric you have grown to love! We will continue to lay the framework for performance in the medical apparel industry - stay ahead of the game with the new zip hoodie! Better than ever. Been doin' it!

Shattering the Myth
that IguanaMed is only
for Young People...

Meet Sol

At 98 years old Sol appreciates the timeless style of Iguanamed. “Comfort never goes out of style,” says Sol. When asked which color he likes the best, Sol responds, “I don’t have a favorite color. I prefer to mix and match.” Sol’s closet contains many different colours of tops and pants that he can choose from depending on his mood. “This outfit I plan to wear to my 100th birthday party,” he says, pointing to his brand new Iguana city slate top and navy pant.

The Scrub Brand
That Never Sleeps

IguanaMed Limited Edition Prints

IguanaMed has flavor.

In the not so far future, there will be small windows of time in which you will be able to order limited edition prints and other works of splendor from the one & only IguanaMed.

Iguana. Creatively continuing to flip the scrub game.

A close-up photograph of a pair of dark blue scrubs. The image shows the waistband area, which is reinforced with a bright green fabric strip. The scrubs have a ribbed texture and visible stitching along the edges. The background is plain white.

Custom Scrubs

In the not too far future, IguanaMed will be available in tall, petites & custom lengths. Yeah, we said custom lengths! Whether you are 4 ft tall or 7 ft tall, we are going to find a way to make sure you can wear the scrubs you love.

**Get.
Excited.**

I Am A Medical Professional. I Wear IguanaMed.

Anyone can give up, it's the easiest thing in the world to do. But to hold it together when everyone else would understand if you fell apart, that's true strength.

Our mission has expanded. We have always wanted to create the finest medical apparel in the world, however now we are making it our mission to distribute IguanaMed all around our big world, not just the US. It makes our hearts sing to see IguanaMed outfitting medical groups now in over 10 countries. Every month we sit down and pontificate with our US team and review which country we should pursue next. Besides the joy it has brought us to see our product on hard working medical professionals around the globe, expanding globally has also given us an opportunity to meet fascinating people in faraway places. We don't just sell our product into these countries, but we have forged close relationships with teams of people who are equally as passionate in outfitting healers with the best performance medical apparel on the planet. If you know a country who could benefit from IguanaMed, we welcome you to contact us at global@iguanamed.com. You also can view information on our global distribution program at www.iguanaglobal.com.
